595 AIR GAUGE DISPLAY

VIDEO

- Can store 10 measuring programs, and the program can be switched quickly
- Data storage function, support manual and automatic storing, 1000 groups data can be stored
- Automatically detect internal or external dimension measurement
- Automatic grouping function for workpiece sorting
- RS232 data cable is used to transfer data to computer

Application

Back of display

Work in groups

RS232 data cable (included)

Air filter and pressure regulating valve **(optional)**

SPECIFICATION

Code		595-101-01			
LED quantity		101 pcs			
LED color		red, orange, green			
LED height		254mm			
Range		10μm	20μm	50μm	100μm
Resolution	**LED column**	0.1μm	0.2μm	0.5μm	1μm
	Display	0.1μm			
Accuracy		0.2μm	0.4μm	0.5μm	1μm
Air supply		dir and clean, 0.4~0.8MPa			
Output		RS232/USB, I/O interface			
Operation temperature		0~45°C			
Power		100-240V, 50/60Hz			
Power consumption		<20W			
Max. current		2A			
Dimension(LxWxH)		170x65x475mm			
Weight		3kg			

OPTIONAL ACCESSORIES

Air filter
Pressure regulating valve
RS232 cable

unit: mm
