Ceramic Ring Gauge

Description

- Made of ceramic, hardness of HV1200
- Strong corrosion resistance, high-strength wear-resistant
- Non magnetic, non-conductive, anti-static
- Surface finish: Ra0.025a
- Accuracy error: ±0.001mm
- High quality plastic box
- Special note: Other specifications can be customized, such as: 3.02, 3.05, 3.19.....
