Concentricity Gage System

Note: Dial indicator excluded

Description

- Made in and originated from europe
- Used for measuring concentricity and roundness
- Rotor on hardened stainless steel
- Light weight design
- Three different supports for dial gauge
- Packed in wooden box

Overall dimension(mm)

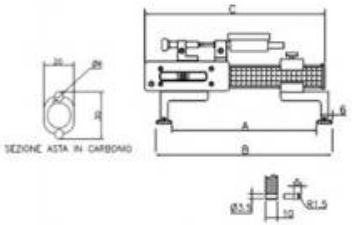

Range	C
0-290/32-320 mm	265
0-470/32-500 mm	445

Art.No.	Range	Reading	Accuracy error	Net weight	Barcode
7136-50-EP	Ø1.5-Ø50 mm	0.01mm	0.002 mm	8500 g	6976367672843

Mini Comparative Gauge

Note: Dial indicator excluded

Description

- Made in and originated from europe
- Lightweight caliper ,carbon fiber steel
- Used for inside/outside measurement
- Interchangeable rods
- Double dial gauge positionament
- Packed in wooden box
