Manual Rockwell Hardness Tester

Description

- Suitable for hardness of quenched steel, tempered steel, annealed steel, cold hard castings, malleable castings, hard alloy steel, aluminum alloy, copper alloy, bearing steel, etc.
- Basic type
- Manual testing operation, manual loading and unloading

Art.No.	447-9586
Barcode	6972727959586
Initial test force	10kgf (98.07N)
Total test force	60kgf(588.4N), 100kgf(980.7N), 150kgf(1471N)
Indenter size	Diamond Rockwell indenter ϕ1.588mm
Test force application method	Manual
Scale	HRA, HRB,HRC
R	0.5HR
Max height of the sample	170 mm
Standard	GB/T 230.2
Dimensions	446x238x630 mm
Weight	About 65 kg

Standard Delivery	
Product name	QTY
Instrument main body	1
HRA block	1
HRB block	1
HRC block	3
indenter ϕ1.588mm	1
120 ° Diamond cone indenter	1
Set screw	1
ϕ60mm support	1
ϕ120mm support	1
ϕ60mm V support	1
